A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. **Applicant's submission filed on 11/6/2009 has been entered.**

An **Examiner's Amendment** to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this Examiner's Amendment was given in a telephone interview with Ms. Susan Dadio, on 12/19/09.

Examiner's Amendment to the Claims

Cancel claims 9-14, 22-24.

The following is an **Examiner's Statement of Reasons for Allowance**:

Claim 7 is directed to a method of treating skin cancer, pigmentation disease, photoaging, atopy, urticaria or allergy comprising administering to a subject in need thereof an effective amount of an isolated EC SOD of a specific amino acid sequence or an expression vector comprising a polynucleotide encoding said EC SOD.

Claimed method is free of prior art. Further, the prior art fails to suggest such specifically claimed method. Hence, said method is also non-obvious.

Claim 7 is allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
